
Filing Sealed Documents and *Ex Parte* Motions Electronically

Joint General Order 11-1

Amendment to Joint General Order 06-01

United States District Courts for the

Eastern and Western Districts of Kentucky

Sealed Document

- A **Sealed Document** is a document or motion filed pursuant to:
 - ❑ a protective order;
 - ❑ an order granting leave to file the sealed document or motion, in conjunction with a motion to seal or a previously filed redacted document; or
 - ❑ included within a category of documents considered sealed under a federal statute, federal rule of procedure, local rule or standing order of the court.
-

Access to Sealed Documents

- Once a sealed document or a sealed motion is filed in the record, access to the PDF document is electronically accessible only to the Court.
 - Sealed documents are not available electronically or by any other means to the parties, attorneys or the public.
 - Upon the filing of a notice of appeal to the Sixth Circuit Court of Appeals, electronic access to sealed documents in the record on appeal will depend upon the policy of the Sixth Circuit.
-

Motion for Leave to Seal a Document

- A party seeking to file a sealed document shall electronically file a **motion for leave to seal** prior to filing a sealed document.
 - A **motion for leave to seal** is not required when the document is:
 - already subject to a protective order, or
 - included within a category of documents considered sealed under a federal statute or federal rule of procedure, local rule or standing order of this court.
-

Motion for Leave to Seal a Document

- A sealed document **must not be** attached to the motion.
 - The sealed document **must be** electronically filed separately as a provisionally sealed document.
 - The sealed document stays provisionally sealed until the court rules on the motion to seal.
 - A **criminal** motion to seal, any attachments to the motion, and any response or reply thereto, will not be available electronically or by any other means.
-

Order to Seal a Document

- When documents are ordered to be placed under seal, the Clerk will officially file the document.
 - Unless a document is included within a category of documents considered sealed under a federal statute or rule, a document can only be sealed by an order of the court.
 - An agreement of the parties does not allow the Clerk to file a document under seal without a court order.
 - The Clerk of Court, or designee, is authorized to strike from the record a sealed document electronically filed in error.
-

Service of Sealed Documents

- When a **sealed document** is filed, ECF provides a notice of electronic filing (NEF) to all parties in the case.
 - A **sealed document** will not be available electronically to parties, attorneys or the public.
 - The filing party must use alternate forms of service to provide any parties entitled to notice with copies of a **sealed document**.
